Estimate

Name of the Work: Supplying and installation of different types of pump nameplates, Safety signboards, awareness signboards under MODS Zone-9, Dhaka WASA.

SL No	Base of Rate	Description of Materials	Unit	Quantity	Rate	Amount
1	MR	Supply of 3 feet x 1.5 feet, Stainless Steel sheets. General Properties: Stainless steel sheets come in various grades, each with a unique chemical composition that offers different properties. Some common grades include: * 304/304L: The most widely used grade, offering good corrosion resistance for general purposes. The "L" indicates low carbon content for better weldability and corrosion resistance after welding. * 316/316L: Offers superior corrosion resistance, especially against chlorides and harsh environments. Often used in marine and chemical processing applications. * BA (Bright Annealed): Smooth, bright, reflective finish. * No. 4: Brushed finish with short, parallel lines. Often protected with a PVC film. * No. 8 (Mirror): Highly polished, mirror-like finish. Often protected with a PVC film. * Other finishes: Including No. 1 (hot rolled, annealed and descaled), checkered, embossed, hair line, sand blast, and etched finishes.necessary materials, painting and lettering etc all complete as per direction by the	Nos	66.00	4,884.000	322,344.000
